To promote friendship with our Twinning partners.

We are twinned with Val d'Oison in Normandy. We arrange exchanges to and from France and also arrange social events within the village, and occasionally with similar Associations in neighbouring villages. Groups of say, 20 to 50 people cross the Channel in either direction at least twice a year. Each year we have an official 'Grand Visit' in Spring and usually an Autumn visit in lower key. Visits to places of interest (eg Winchester, Arundel, London/Paris. Deauville & Giverny) and parties/dances are arranged. The rest of the (usually 3 day) period is spent with our now regular family friends at home.

Opening times: Committee meetings are held on the 2nd Tuesday of each month. Secretary may be contacted by phone or e-mail for information at any time.

To help promote and support the Curtis Museum & Allen Gallery. Friends enjoy a programme of lectures from September to May and 2 summer outings. They also assist in the Allen Gallery garden and produce 'Alton Papers', and annual publications of articles on Alton and the local villages. Visitors are always welcome to the indoor meetings.

The Friends of the Curtis Museum and Allen Gallery were originally founded in 1934 and are a group of people interested in promoting the Museum and Gallery. From 1980, the Newsletter of the Friends of the Curtis Museum and Allen Gallery included small articles of local history interest which some thought worthy of keeping for reference. With a growing interest in the past, it was thought desirable to provide an opportunity for those undertaking a wide range of local history research to see the results in print. The ALTON PAPERS are the result. Since the first volume, which was published in 1997, there has been a new one produced each year containing articles on Alton and the surrounding villages.

Opening times: Meetings 2nd Thursday of month at 7:30pm. Secretary contactable any time. Meetings may be held at other locations, usually Alton Library if the Allen Gallery has a large exhibition.

grayshott.com was founded in the year 2000 with the aim of providing the village with a free and easy to use website, to help promote local events, and to provide all local businesses and organisations with a free website presence. The website has been continually developed since then in response to the feedback from the many users who have suggested new ways of how it may best serve the village. From its humble beginnings grayshott.com has grown in size and popularity and now receives around 500 visits a day.

Villagers visit regularly to read the latest news items, to find out what events are on in the village and to search the comprehensive free directory of 375 local businesses and organisations. Currently around 550 Subscribers receive regular email updates on news and events including the weekly what's on! newsletter. A number of sponsors and friends provide invaluable financial support to the website which although has always been provided entirely by voluntary effort still requires financial support to cover running costs, fund professional design and support where needed and to help with marketing and promotion of the website.
